## Description of Change to the Customer:

The Intel® product SKUs listed in the "Products Affected/Intel Ordering Codes" table will be discontinued and no longer be available for additional orders after the "Last Product Discontinuance Order Date" (see "Key Milestones" above).

## Customer Impact of Change and Recommended Action:

Please provide your remaining demand for the products listed in the "Products Affected/Intel Ordering Codes" table to your local Intel Representative by June 04, 2025.

Customers should place their Last Time Orders by September 05, 2025 and delivery of all orders must be taken no later than September 04, 2026. Customers can modify or cancel their orders up until the Last Order Date of September 05, 2025. Non-Cancelable, Non-Returnable (NCNR) terms apply to all shipments after September 05, 2025.

Intel will support Functional Analysis Correlation Requests (FA/CR) for the products listed in the "Products Affected/Intel Ordering Codes" table below for 12 months from the Last Ship Date (see Forecasted Key Milestones above).

Please contact your local Intel representative with any questions or concerns regarding the change communicated in this customer notification.

### Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at [www.intc.com](http://www.intc.com).

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
